

**NOTICE OF TRANSFER OF ATHLETE
FROM ONE CLUB (Team) TO ANOTHER CLUB (Team)**

AAU Code Part III, Section 302.3.6.1 states:

“Within an Association (South Carolina), any athlete who has not competed for an AAU group member (Club) in a **sanctioned AAU competition** in a given sport for a period of sixty (60) days may attach himself to a group member and be immediately eligible to represent the member in that sport. If he holds a current AAU registration, he must notify the Baseball Chairman (Jim Lisk) of the change of membership.

Once an athlete participates as a club member in a sanctioned AAU tournament, he is “tied” to that club for a period of 60 days. He may move to another club at the end of the sixty-day (60) waiting period. This form provides notice to the Baseball Chairman as to the last day the athlete participates with the first club in an **AAU sanctioned event**.

Name _____ AAU Membership # _____

Was registered as a club member of club number _____ and played in his last sanctioned event with this club in (City) _____ as of (Date) _____.

This form is also to let the Baseball Chairman (Jim Lisk) know what Club this member is transferring to. A transfer is not complete until the Baseball Chairman (Jim Lisk) knows where the member is transferring. **The Baseball Chairman (Jim Lisk) must receive the athlete’s current AAU Card to re-issue a new card with the new Club number.**

Has transferred to Club # _____ and will not participate in any AAU Event for a period of (60) Days.

I understand that it is my responsibility, the Athlete (parent or guardian), to notify the Baseball Chairman of the date that the athlete leaves the Club (team), either voluntarily or otherwise, for the purpose of monitoring the 60-day waiting period for transfer to another club. I further understand that if I do not notify the Baseball Chairman of this date and I participate with another club during the waiting period, I can become ineligible or be assessed another penalty.

Enclosed with this form is my current AAU Membership Card to complete the transfer.
